

Global Innovation Seminar

– Discussion with a professor and MBA students from HEC Montréal –

2018/12/11 (Tue) 10:00-12:00

Advanced Telecommunications Research
Institute International(ATR)

Keihanna RC will jointly hold a seminar with HEC Montréal, which was founded in 1907 as the first university for business studies in the North America and now is famous for its 3rd-ranked MBA program in Canada. A professor from the university will give you a lecture on data science innovation, and then will discuss business from a global perspective and “Keihanna Innovation Ecosystem” with you and 20 students from the MBA program.

Outline

■ Welcome speech and lecture on “Keihanna Research Complex”

Dr. Hiroyuki Suzuki [Executive Vice President, Advanced Telecommunications Research Institute International (ATR); and Strategic Director and Leader of Innovation Hub Activity, Keihanna RC]

■ Introduction of Keihanna International Internship Program

Ms.Makiko Tatsumi [Manager of International Researchers Support Team, Advanced Telecommunications Research Institute International (ATR); and Manager of Global Coordination, Keihanna RC]

■ Lecture “New Tools, New Thinking, New World: The Data Science Revolution”

Prof.Thierry Warin [Professor of Data Science for International Business in Department of International Business, HEC Montréal]

■ Discussin with MBA students and Networking
