

KOSAINN seminar

– to work with Israeli startups –

Keihanna RC established “Keihanna Open Global Service Platform for Accelerated Co-Innovation” (KOSAINN) to create joint implementation projects beyond Keihanna RC by collaborating with various players globally. This event will introduce start-up companies from Israel, which is world-famous as an innovation hub of technologies. They have a strong motivation to work with Japanese companies and will give you presentations about their business.

2018
8/7 Tue
4:00-7:30pm

ATR
